

ERGO LINE

**TOUGH ON THE TIRES,
SMOOTH IN YOUR HAND.**

The tools in the new B&J Rocket Ergo Line with their curved shape are much easier to hold and consequently have a much larger grinding surface with a smaller width. The line of the tools is adapted to the hand position of the air grinder and relieves the hand during grinding. The large number of cooling holes make the tools real endurance runners with a long service life.

Features & Benefits

- Ergonomical
- Efficient
- Low vibration
- Durable
- Powerful
- Economical
- High cooling performance

AVAILABLE IN THE DIMENSIONS:

65x30 mm (2 ½" x1 ¼")
80x30 mm (3 ¼" x1 ¼")
100x30 mm (4" x1 ¼")
